Sentracon
Direct Replacement
Reader

*Security
System
Integrator*

The GPI-PSR-MS and GPI-PSR-KMSD card readers are direct replacements for Pyrotronics/Sentracon readers. They are designed to mount in the existing enclosure and operate with existing wiring and software. The readers contain a new front panel assembly. The assembly contains a tamper switch and is shipped with a matching field connector to simplify installation.

FEATURES

- ◆ Directly replaces Pyrotronics/ Sentracon reader
- ◆ Installs in existing enclosure
- ◆ Visual annunciation
- ◆ Audible annunciation
- ◆ Does not require modification to existing system software or wiring

We Can Replace
Your Present
Readers
